Mohammad Rostom

Full Stack Developer

👤 Profile

Full-stack developer with a solid foundation in React, JavaScript, HTML/CSS, and back-end technologies like ASP.NET Core, Java, C, and SQL. Experienced in building and publishing dynamic, responsive websites from front to back. Strong grasp of software architecture, multithreading, and problem-solving with 100+ LeetCode challenges solved.

🎓 Education

Lebanese University, Hadath
January 2022 — January 2025

Full Stack Dev. Degree, FSE, Beirut
June 2025 — December 2025

Graduated from a course dedicated for real-life work understanding. Throughout this course i was required to work with multiple different teams to build up communication skills. I built multiple full stack projects using different frameworks (REACT - JS , LARAVEL - php , SQL).
